Sikar, Rajashthan

### PROFESSIONAL SUMMARY

As a highly goal-oriented and adaptable person, I possess a strong work ethic and a passion for learning. With experience in various settings, I have developed excellent communication skills, a proactive attitude, and a keen eye for detail. My ability to work both independently and as part of a team allows me to take on challenges with ease, and I thrive in fast-paced environments. Additionally, I am eager to expand my knowledge and skills, and I am committed to achieving success in any role I undertake.

#### TECHNICAL COMPETENCIES

- Core Java
- · React.js
- javascript
- HTML
- CSS
- DBMS

## INTERPERSONAL SKILLS

- Adaptable
- · Active Listener
- Team Work
- · Relationship Building

#### INTERESTS & HOBBIES

- Sketching
- Travelling

#### LANGUAGESKNOWN

- English
- Hindi

#### **EDUCATION**

Bachlors in Computer Science Engineering | DIT University Dehradun 2020-2024 Current CGPA-8.39

Intermidiate(RBSE) | Shri Digamber Jain Senior sec. school, Sikar 2018-2019

Passed with 85%

Matriculation(RBSE) | Vardhman Vidhya Vihar sec. school, Sikar 2016-2017

Passed with 84%

#### **PROJECT**

#### **Street Fighter Game**

- · Created a 2D Street Fighter game using Java and the Swing framework, implementing a variety of game features such as character selection, fighting mechanics, and special moves.
- · Utilized object-oriented programming principles to design and implement a scalable and modular game architecture, allowing for easy expansion and maintenance of the codebase.
- Implemented player controls and user input handling, providing smooth and responsive gameplay.
- · Tested and debugged the game thoroughly, utilizing various tools and techniques such as unit testing and error tracking to ensure a stable and bug-free release.
- Implemented collision detection and physics simulations, allowing for realistic interactions between characters and the environment.

#### **Real Time Chat application**

- · Developed a real-time chat application using React and Firebase, enabling instant messaging between users.
- · Implemented features such as real-time message updates, user authentication..
- · Designed and implemented the user interface using React components and styled them with chakra UI.
- Integrated Firebase Authentication for user registration and login functionality.
- Utilized Firebase Realtime Database for storing and retrieving chat messages in real-time.

#### CERTIFICATIONS AND AWARDS

- Introduction to Containers w/ Docker, Kubernetes & OpenShift
- Programming with JavaScript
- Introduction to Front-End Development
- · Introduction To AI
- · Programming Foundations with JavaScript, HTML and CSS
